November 2025

The excitement continued as **Grade 10** students geared up once again, this time for a thrilling cheerleading competition. Wearing imaginative, creative costumes, each team delivered high-energy routines packed with stunts, choreography, and school spirit. Their creativity and determination were on full display, inspiring cheers from everyone in attendance.

A celebration of creativity, teamwork, and passion!

Our Grade 8 students showcased their exceptional talents both on stage and behind the scenes through their Musical Play performance. This project was a beautiful collaboration across subjects:

Values Education – Students created their original storylines, shaping the heart of each section’s musical play.

TLE – They learned the art of make-up and character preparation, bringing each role to life.

FILIPINO - Students honed their acting skills and strengthened their teamwork as a full production team.

MAPEH – From planning, rehearsals, to the final performance, they experienced the full process of staging a musical play.

This performance task wasn’t just about showcasing talent—it was about giving our students a one-of-a-kind Grade 8 experience they will treasure forever.

A huge thank you to all the teachers, parents, and students who made this event truly unforgettable.

The Grade 10 students impressed the entire school community with a vibrant Food Exhibition featuring regional Filipino dishes. Each group embraced the flavors, traditions, and stories of their chosen region. Through innovative recipes, beautifully arranged table setups, and well-prepared presentations, they demonstrated exceptional teamwork and a deep appreciation for the country's cultural diversity. Their creativity and culinary skill made the event a delicious and meaningful celebration of heritage.
